

CERT 48-07
November 30, 2007
PUBLIC NOTICE

S. C. DEPARTMENT OF HEALTH AND ENVIRONMENTAL CONTROL
OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
COASTAL ZONE MANAGEMENT CONSISTENCY CERTIFICATION

In accordance with the S. C. Coastal Zone Management Act of 1977, as amended, Chapter V, S. C. Coastal Zone Management Program Document and the S. C. Administrative Procedures Act, the following projects have been received for determination of consistency with the S. C. Coastal Zone Management Program. Information on the Projects is available for public inspection at the:

*Office of Ocean and Coastal Resource Management
S. C. Department of Health and Environmental Control
1362 McMillan Avenue, Suite 400
Charleston, South Carolina 29405*

Comments must be received within ten days of the date of this public notice by December 10 2007. The following projects are listed by project name or applicant, location, type of activity, type of permit, and permitting agency (see attached list of abbreviations and keys):

Beaufort County

Cedar Cove Subdivision, ID# 07-00-10-08A, Permit Number SCR10H758, TMS# R800-022-00B-0032-0000, WW/WS, SCDHEC# 61404/5372, located in Haig Point Plantation, Dafuskie Island, OCRM (SW) (WW/WS)
Wendy's at New Riverside Town Center, ID# 07-06-09-04A, Permit Number SCR10H755, TMS# R610-036-000-0598-0000, located at the beginning of Evan Way off of Highway 170, Bluffton, OCRM (SW)
Neighbors at New Riverside Town Center, ID# 07-06-09-04B, Permit Number SCR10H756, TMS# R610-036-000-0866-0000, located at the beginning of Evan Way off of Highway 170, Bluffton, OCRM (SW)
Faculty Drive, ID# 07-07-11-07, Permit Number SCR10H741, TMS# N/A, located off of Faculty Drive between Fairfield and Varsity Drive, Lady's Island, OCRM (SW)
Beaufort Memorial Hospital-New Parking Garage, ID# 07-07-11-08, Permit Number SCR10H757, TMS# R120-005-000-0092-0000, located at 955 Ribaut Road, Beaufort, OCRM (SW)

Berkeley County

Parks of Berkeley-Highway 176, Phase 1, Sewer Infrastructure, ID# 08-06-12-05C, Permit Number SCR10H714, TMS# 195-00-00-046, WW, SCDHEC# 61321/47092, located at 1283 State Road, OCRM (SW) (WW)
Cypress Gardens Self Storage, ID# 08-07-02-05, Permit Number SCR10F465, TMS# 197-00-01-024, located on Cypress Gardens Road, approximately 450' East of US 52 intersection, OCRM (SW)
Velocity Power Sports, ID# 08-07-11-02, Permit Number SCR10H647, TMS# 242-00-03-038, located on Gateway Drive near College Park Road, OCRM (SW)
Charity Church Road Improvements, ID# 08-07-11-07, Permit Number SCR10H762, TMS# N/A, located approximately 4287' Northeast of intersection with Highway 41, Huger, OCRM (SW)
Waffle House "Moncks Corner", SCDHEC# 61356, located on Highway 52 between Grace Street and Martin Luther King Drive, Moncks Corner, OCRM (Auto Coverage)

Charleston County

Wallace Creek View, ID# 10-07-11-01, Permit Number SCR10H641, TMS# 310-11-00-040, located at 502, 504, 508, & 510, Parkdale Drive, Charleston, OCRM (SW)
New Southwick Drive, ID# 10-07-11-07, Permit Number SCR10H715, TMS# 279-00-00-008, 009, 017, & 288, WW, SCDHEC# 47093/61323, WS, SCDHEC# 47093/61374, located on Maybank Highway across from Saint John's Woods Parkway, Charleston, OCRM (SW) (WW/WS)
Ashley Hall, Phase 3, SCDHEC# 61327, located at the Intersection with SC Route 61, West Ashley, OCRM (Auto Coverage)
The Tennis Center Horizon Plan, SCDHEC# 61357, located at 1001 Seabrook Island Road, Seabrook Island, OCRM (Auto Coverage)
Ethel Post Office Road-Individual Grinder Pump, SCDHEC# 47251/61439, located at 6502 Ethel Post Office Road, Meggett, OCRM (WW)

Dorchester County

Cottages at Quail Arbor, ID# 18-07-11-01, Permit Number SCR10H645, TMS#153-00-00-030, & 084, WW/WS, SCDHEC# 46891/61214, located at 105 Racquet Lane, Summerville, OCRM (SW) (WW/WS)

Georgetown County

Turkey Creek, ID# 22-07-10-04, Permit Number SCR10H501, TMS# 01-0437-011-00-00, located at the intersection of Pennyroyal Road and Sunfish Street, OCRM (SW) **NOTE: This project is proposed to impact 0.48 acres of federally non-jurisdictional wetlands. These proposed impacts require approval under the SCZZM program. This plan will fill all of a 0.12 acre and a 0.36 acre federally non-jurisdictional wetland for a total impact of 0.48 acres. Mitigation will be provided for these proposed impacts by onsite preservation of wetlands and enhancement by buffering. The balance will be handled by offsite mitigation through wetland restoration, enhancement and preservation at the Seven Bridge Wetland Mitigation Project.**

Horry County

Silver Fox Landing, Phase IV, ID# 26-03-07-02A, Permit Number SCR10H681, TMS# 179-00-05-006, 037, 038, & 039, WW/WS, SCDHEC# 8666/61261, located on Recreation Road off of Highway 707 in the Socastee section of Myrtle Beach, OCRM (SW) (WW/WS)
Kentucky Fried Chicken-Restaurant and Outparcel Forest Square, ID# 26-04-05-17B, Permit Number SCR10H664, TMS# 162-00-01-165, located at the intersection of Highway 501 and Carolina Forest Boulevard, Myrtle Beach, OCRM (SW)
Lilly's World Café, ID# 26-07-10-06, Permit Number SCR10H469, TMS# 144-10-01-002, 006 & 012, located on the south side of US Highway 17 North of Myrtle Beach, OCRM (SW)
Moose Creek Commercial Center-Lot 21, ID #26-07-11-02, Permit Number SCR10H669, TMS# 194-17-02-084, Lot 21 located on the corner of Elk Drive and Elk Hunting Court off of Highway 17 Bypass, Murrells Inlet OCRM (SW)
South Industrial Park, ID# 26-07-11-06, Permit Number SCR10H740, TMS# 180-00-02-003, located approximately 1 +/- mile South of Coastal Mall on US Highway 17 Bypass, Myrtle Beach, OCRM (SW)

SPECIAL NOTES

***DMPs** Dock Master Plans - OCRM is reviewing the listed DMPs for planning purposes only. Permitting decisions will occur when future dock applications are processed by OCRM for individual property owners. This document is used as a planning tool it is not subject to the appeal. OCRM welcomes comments from the public on these planning documents.

****WMPs** Wetland Master Plans – OCRM is reviewing the listed WMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM, which include impacts to freshwater wetlands. This document is used as a planning tool; it is not subject to appeal. OCRM welcomes comments from the public on these planning documents.

*****SWMPs** Stormwater Master Plans – OCRM is reviewing the listed SWMPs for planning purposes only. Permitting decisions will occur when future applications are processed by OCRM. OCRM welcomes comments from the public on these planning documents.

******PERs** Preliminary Engineering Reports – OCRM is reviewing the lists PERs for the purpose of commenting to other sections of DHEC concerning this document. OCRM will not be issuing a coastal zone consistency certification at this time but providing comments. If this proposal moves forward to the permitting process, OCRM would at that time do a full coastal zone consistency review.

2. If yes for impacts in B.1, describe each impact and activity, and list all permits (e.g., USACOE Nationwide permit, DHEC General Permit) and certifications that have been applied for or obtained for each impact.

SEE LETTER AND WETLANDS PLAT SUBMITTED TO USACOE.

C. Impaired Waterbodies (See instructions.)

List the nearest DHEC water quality monitoring station(s) [WQMS(s)] to which construction stormwater (SW) discharges will drain and the corresponding waterbody(s). PD - 628 Waterbody(s): Sampit River

1. Is this WQMS(s) listed on the most current 303(d) List for Impaired Waters? ☒ Yes ☐ No
- a. If yes for 1, list the impairment(s). HG
- b. If yes for 1, will the site's construction SW discharges contain any pollutant(s) causing the impairment(s)? ☐ Yes ☒ No
- c. If yes for b, list the impairment(s) affected by the pollutant(s) referenced in b. _____
- d. If yes for b, will use of the proposed BMPs ensure that the site's discharges will not contribute to or cause further water quality standard violations for the impairment(s) listed in c? ☐ Yes ☒ No
2. Has a TMDL(s) been developed for this WQMS(s)? ☐ Yes ☒ No
- a. If yes for 2, list the impairment(s). _____
- b. If yes for 2, has the standard been attained for all impairment(s)? ☐ Yes ☒ No
- c. If no for b, will the site's construction SW discharges contain any pollutant(s) causing the impairment(s)? ☐ Yes ☒ No
- d. If yes for c, are your discharges consistent with the assumptions and requirements of the TMDL(s)? ☐ Yes ☒ No

D. 1. Are S.C. Navigable Waters (SCNW) on the site? ☒ Yes ☐ No

- a. If yes for 1, list the name of the SCNW: Turkey Creek
- b. If yes for 1, will any construction activities cross over or occur in, under, or through the SCNW? ☒ Yes ☐ No
- c. If yes for b, then describe activities. Docks
- d. If yes for b, are the activities in SCNW covered under a DHEC General Permit or other DHEC permit? ☐ Yes ☒ No
- e. If no for d, has an SCNW permit been applied for or issued for the site? ☐ Yes, for all activities ☐ Yes, for some activities ☒ No
- f. If yes for d or e, list permit number(s) and corresponding activities. _____

NPDES CGP Fee Schedule B

(Beaufort, Berkeley, Charleston, Colleton, Dorchester, Georgetown, Horry, and Jasper Counties)

This schedule should not be used for projects reviewed by a delegated entity or MS4 operator.

If you are completing the fillable version of this form and if the **County** and **Disturbed Area** fields are correctly filled out on page 1 of this form, the fees in the right-hand column will be automatically entered based on your answers to the questions below. This schedule should be attached to DHEC Form 2617. Do not send payment in window envelope. DO NOT MAIL CASH. DHEC will notify the Project Owner/ Operator if the submitted check or credit card payment cannot be processed. The review clock will start when acceptable payment is received and after the project is deemed consistent with the S.C. Coastal Zone Management Plan.

1. Is this project located within 1/2 mile of a RWB (Item IV.A)? ☒ Yes ☐ No

If yes, proceed to item 2. If no, proceed to item 3.

2. a. Will this project or LCP (Item III.B) ultimately disturb more than 0.5 acre? ☒ Yes ☐ No

\$ 125 .00

If yes, enter \$125 in right-hand column and proceed to 2b. If no, see OCRM-SPWS for "Small Project Requirements in Coastal Counties" and proceed to 2c.

b. If yes for 2a, is this project exempt from S.C. Reg. 72-300 et seq? ☐ Yes ☒ No

If yes for 2b, review fees are not initially required*; proceed to item 4.

If yes for 2a and no for 2b, enter review fees of \$100/ **disturbed** acre (from item III.A on page 1) in right-hand column. The review fees cannot exceed \$2000. Proceed to item 4.

\$ 2000 .00

c. If no for 2a, does this project meet the criteria of categories a, d, or e listed in the "SCCZ Requirements" section of the instructions (page 6)? ☐ Yes ☐ No

If no for 2a and yes for 2c, enter \$125 in the right-hand column. Then, enter review fees of \$100/ **disturbed** acre (from item III.A on page 1) on this line in the right-hand column and proceed to item 4.

\$ _____ .00
\$ _____ .00

3. a. Will this project or LCP (Item III.B) ultimately disturb 1 or more acres? ☐ Yes ☐ No

If yes, enter \$125 in right-hand column and proceed to 3b. If no, coverage under SCR100000 is not required; see OCRM-SPWS for "Small Project Requirements in Coastal Counties".

\$ _____ .00

b. If yes for 3a, is this project exempt from S.C. Reg. 72-300 et seq? ☐ Yes ☐ No

If yes for 3b, review fees are not initially required; proceed to item 4.

If yes for 3a and no for 3b, enter review fees of \$100/ **disturbed** acre (from item III.A on page 1) in right-hand column. The review fees cannot exceed \$2000. Proceed to item 4.

\$ _____ .00

4. Total Required Fees

Add the values in the right-hand column. Maximum required fees are \$2125. DHEC will not review this project until all required fees are received.

Total Required Fees: \$ 2125 .00

* If DHEC will review the project, then DHEC will notify the Project Owner/ Operator in writing within 20 days of receipt of the complete NOI and request review fees.

Payment by Check:

Make sure check is signed and has a current date on it. If check is more than 30 days old, it may be returned. The check must be for the entire amount of required fees.

STAPLE CHECK HERE

Make check payable to S.C. DHEC.

Payment by Credit Card:

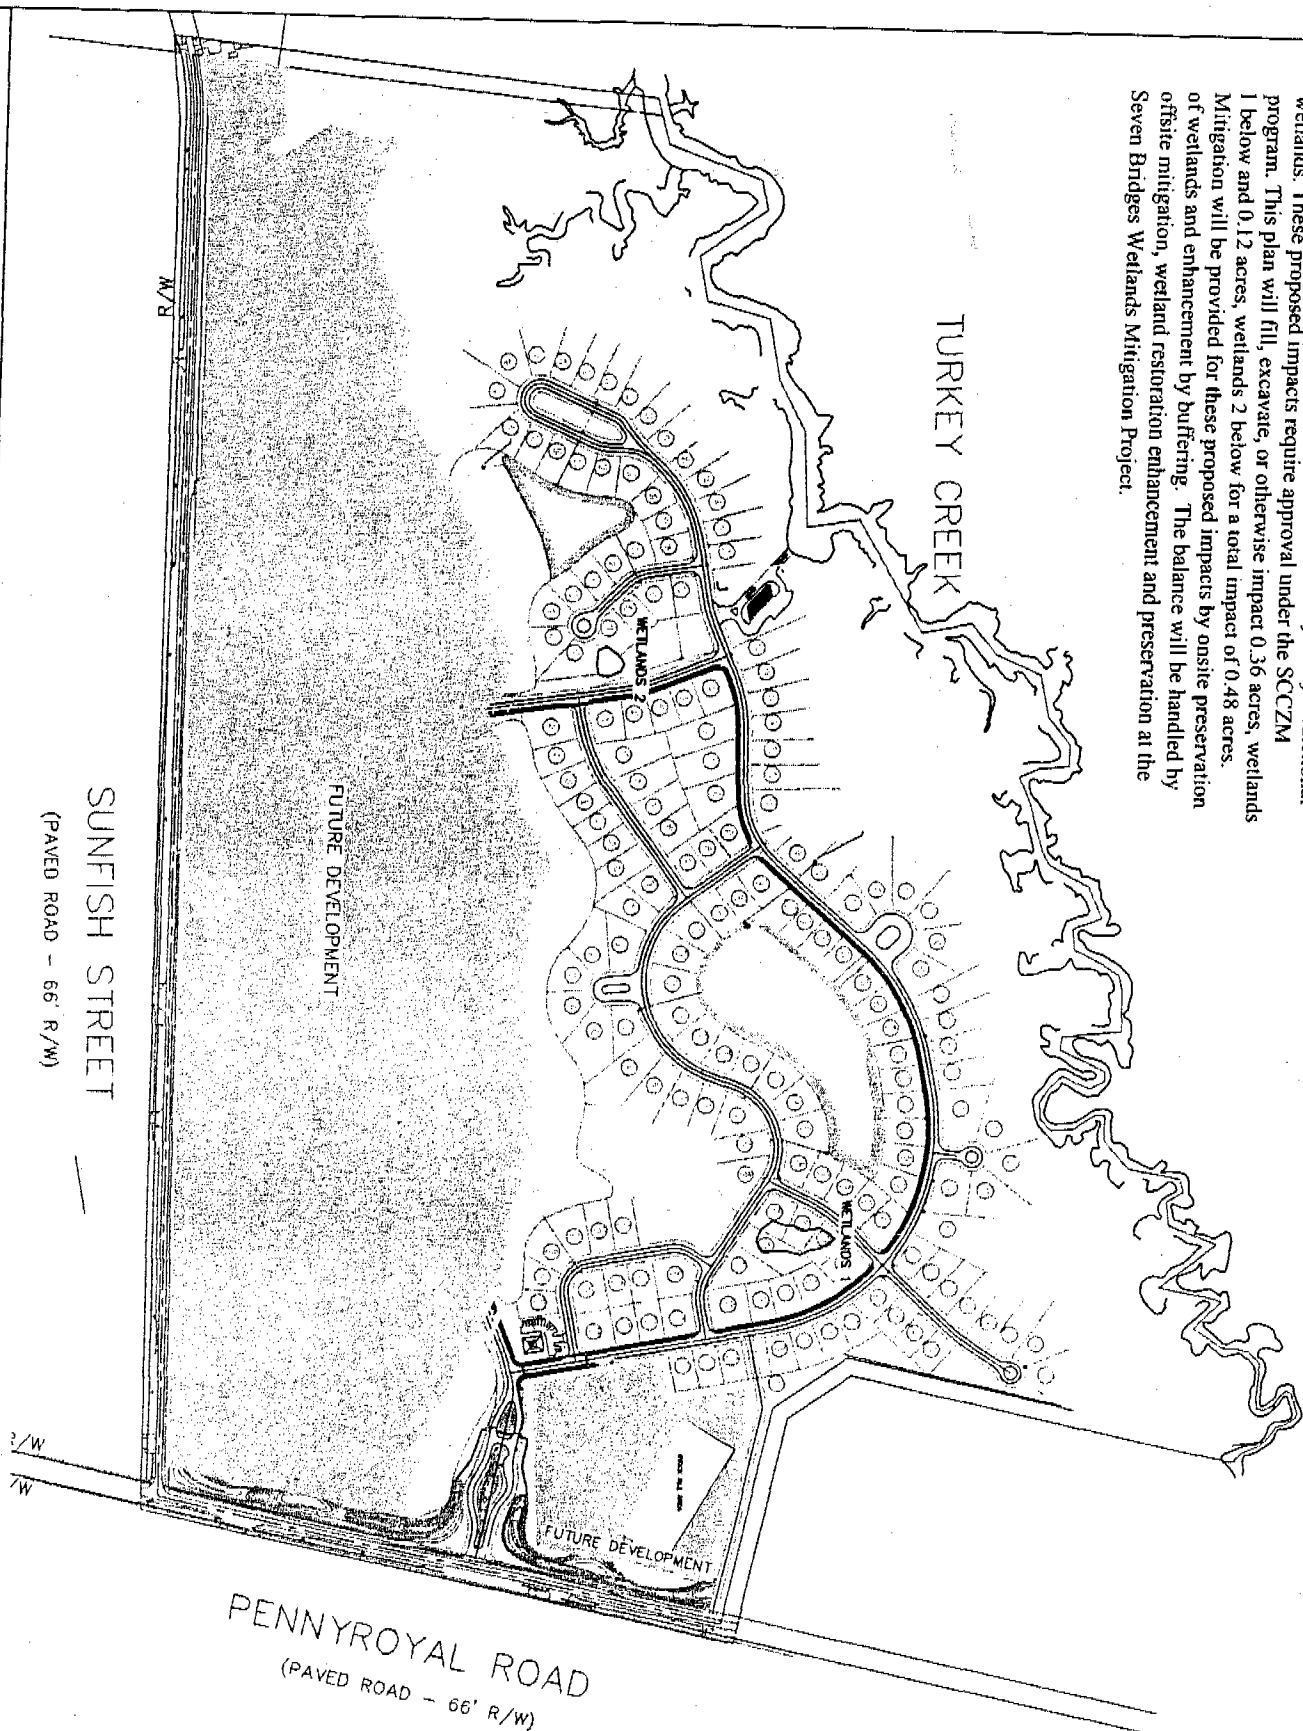

Fill out the information below. Credit card payments must be processed by the applicant online at <http://www.scdhec.gov>. Upon receipt of the NOI, OCRM will provide a memo to the applicant containing directions for processing application fees online and specific invoice numbers necessary for online payment.

Name as it appears on Card: _____ Phone: _____

For official use only: Invoice Numbers YE _____ YA _____ ZV _____ ZT _____

This project is proposed to impact (0.48) acres of federally non-jurisdictional wetlands. These proposed impacts require approval under the SCCZM program. This plan will fill, excavate, or otherwise impact 0.36 acres, wetlands 1 below and 0.12 acres, wetlands 2 below for a total impact of 0.48 acres. Mitigation will be provided for these proposed impacts by onsite preservation of wetlands and enhancement by buffering. The balance will be handled by offsite mitigation, wetland restoration enhancement and preservation at the Seven Bridges Wetlands Mitigation Project.

PUBLIC NOTICE AMENDMENT REQUEST

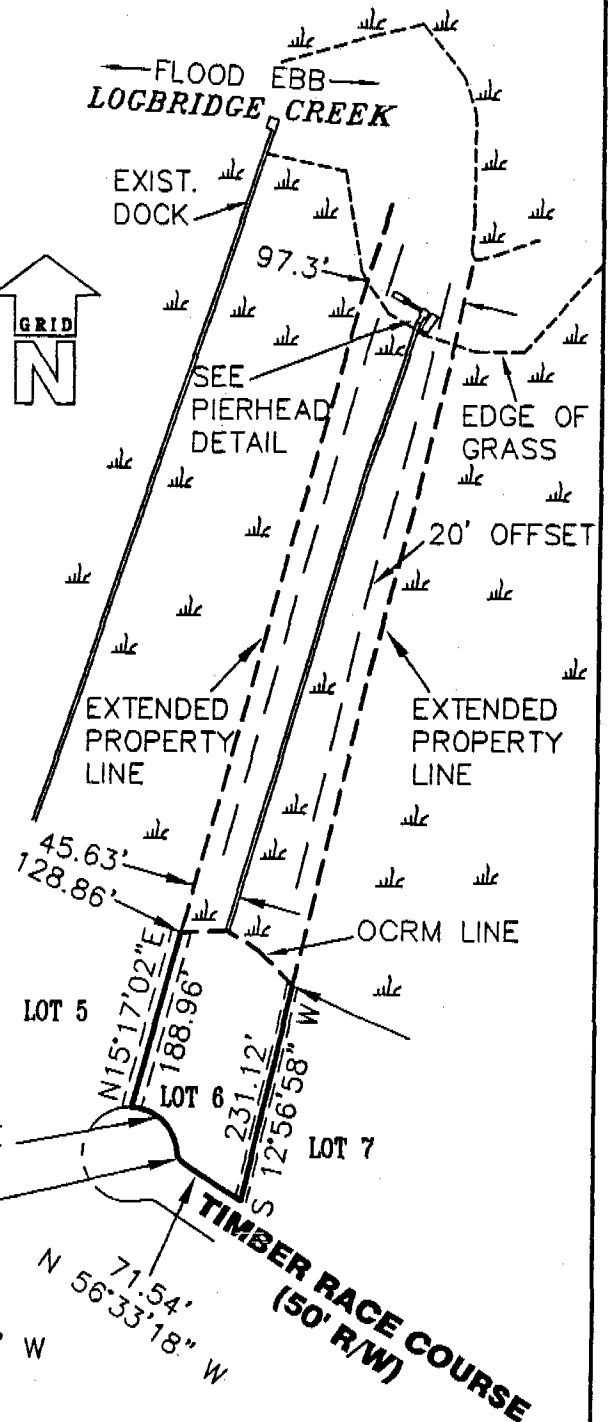

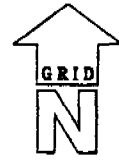

The permittee for P/N# OCRM-01-148-M, **John Crocker**, has requested an amendment to that issued permit. Specifically, the applicant proposes to relocate the fixed pierhead and floating dock 23' channelward of the marsh vegetation and to change the dimensions of the floating dock from 6' by 10' to 6' by 16' along with those of the fixed pierhead, from 10' by 10' to a 8' by 8'. The applicant also proposes replace the previously permitted single-pile boatlift with an 8' by 20' floating boatlift. The proposed amendment is for modifications to private recreational use dock, on and adjacent to Logbridge Creek at Lot 6, The Village of Stono Ferry Subdivision, Hollywood, Charleston County, South Carolina.

Written comments will be received on this amendment request until **December 10, 2007** at the address listed below. For further information please contact the project manager, Fred Mallett, at 843-953-0236.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# OCRM-07-008-M, Lloyd T. Crosby, has requested an amendment to that issued permit. Specifically, the applicant proposes to completely replace the existing 6' by 51' walkway with an identical structure. The proposed amendment is for modifications to a private recreational use dock, on and adjacent to the Stono River at 3557 Old Ferry Road, Johns Island, Charleston County, South Carolina.

Written comments will be received on this amendment request until December 10, 2007 at the address listed below. For further information please contact the project manager, Fred Mallett, at 843-953-0236.

PUBLIC NOTICE AMENDMENT REQUEST

The permittee for P/N# **2003-1W-356-P, D. F. Nixon**, has requested an amendment to that issued permit. Specifically, the applicant proposes to reduce the size of the permitted pierhead from 10' x 30' to 10' x 10' and add a 3' x 15' ramp leading to a 10' x 24' floating dock on the right side of the pierhead. The permitted 12' x 20' covered boatlift will now be located to the right of the proposed floating dock but its size will not be changed. The proposed amendment is for modifications to a private recreational dock, on and adjacent to the Atlantic Intracoastal Waterway at Lot B, Intersection of Waterway Ave. and Broome Terrace, Little River, Horry County, South Carolina.

Written comments will be received on this amendment request until December 10, 2007, at the address listed below. For further information please contact the project manager, Bill Eiser, at 843-953-0237.

TO ALL INTERESTED PARTIES

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-206-E
Permit ID: 61192

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Myrtle Beach Farms Co., Inc.
c/o Coastal Science Associates, Inc.
PO Box 11687
Columbia, SC 29211

LOCATION: On and adjacent to the Atlantic Ocean between 8th Ave. North and 9th Ave. North, Myrtle Beach, Horry County, South Carolina. TMS#: 181-07-04-001.

WORK: The work as proposed and shown on the attached plans consists of constructing a portion of a public oceanfront promenade. The overall project includes the construction of a public boardwalk and amenities from 1st Ave. North to 14th Ave. North. This permit application covers a one-block section of the project not controlled by the City of Myrtle Beach. In this area, between 8th Ave. North and 9th Ave. North, the applicant proposes to construct a promenade walkway, landscaping and shaded seating areas landward of the baseline. Seaward of the baseline the project consists of a wooden boardwalk with benches extending out to the landward edge of the primary dune an average distance of 20', with a 50' wide set of beach access stairs in the center of property and an 8' wide handicapped access ramp. The purpose of the proposed activity is for public recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition. The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 30, 2007. For further information please contact the project manager for this activity, Bill Eiser, at 843-953-0237.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-231-T
Permit ID: 60010

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Charles Cole
C/O George AZ Johnson Jr., Inc.
6171 Savannah Hwy
Ravenel, SC 29470

LOCATION: On and adjacent to Conch Creek at 3204 Jasper Blvd, Sullivans Island, Charleston County, South Carolina. TMS#: 529-08-00-062.

WORK: The work as proposed and shown on the attached plans consists of modifying an existing dock. Specifically, the applicant seeks to enlarge the pierhead from 10' x 10' to 18' x 12' and add a roof. The applicant also seeks to add four additional pilings to help support an existing floating dock and a proposed 12' x 24' floating jet dock. The work as described is for the applicant's private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

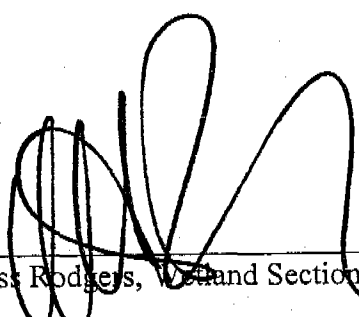

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, James Trumbull at 843-953-0218.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-262-M
Permit ID: 60636

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Rich Rainaldi
C/o Watersdeep, Inc.
P. O. Box 12880
Charleston, SC 29412

LOCATION: On and adjacent to Captain Sam's Creek at 3067 Marsh Gate Lane, Seabrook Island,
Charleston County, South Carolina. TMS#: 149-14-00-011.

WORK: The work as proposed and shown on the attached plans consists of making modifications and additions to an existing dock. Specifically, the applicant proposes to add handrails to the existing 4' by 197' walkway and fixed pierhead. The access ramp and floating dock floodstream of the pierhead will be replaced with a 10' by 35' floating dock, relocated at the end of an additional 4' by 20' section of walkway channelward of the pierhead. The existing two-pile boatlift will be replaced with a 12.5' by 12.5', four-pile structure. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

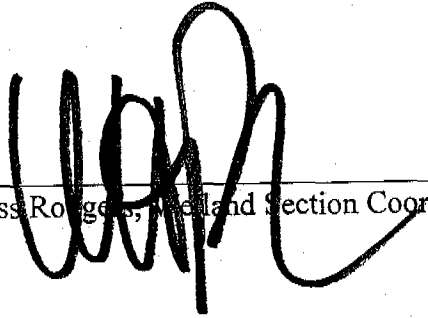

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Fred Mallett at 843-953-0236.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-276-E
Permit ID: 60878

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Lawrence Dodds, Jr.
c/o Kennerty Surveying Inc
PO Box 26
Ravenel, SC 29470

LOCATION: On and adjacent to Darrell Creek at 3709 River Station Ct., Darrell Creek Subdivision, Mount Pleasant, Charleston County, South Carolina. TMS#: 596-08-00-052.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, a 4' x 263' walkway, with handrails, will lead to a covered 10' x 10' fixed pierhead. Ebbside of the pierhead, a ramp will access a 6' x 10' floating dock. Floodside of the pierhead, a covered 12' x 12' four-pile boatlift is proposed. The purpose of the proposed activity is for private, recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

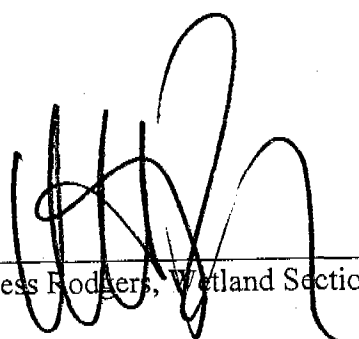

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Bill Eiser, at 843-953-0237.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-281-T
Permit ID: 60887

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: John H. Disher
C/o Dock Systems Inc
PO Box 332
Ladson, SC 29456

LOCATION: On and adjacent to Conch Creek at 3308 Jasper Blvd, Sullivans Island, Charleston County, South Carolina. TMS#: 529-08-00-056.

WORK: The work as proposed and shown on the attached drawings consists of removing a joint-use dock and constructing a private, recreational dock. Specifically, the applicant will remove the existing dock and build a 4' x 84' walkway, with handrails, leading to a 15' x 15' fixed pierhead. Channelward of the pierhead, a 3' x 20' gangway will access an 8' x 20' floating dock. Ebbside of the floating dock, a 9' x 20' floating jet dock is proposed. Floodside of the new pierhead, a 13' x 13', four-pile boatlift is proposed. The work as described is for the applicant's private, recreational use. **Please Note:** the adjacent shared dock owner (Knight) seeks similar changes under OCRM-07-282-T.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

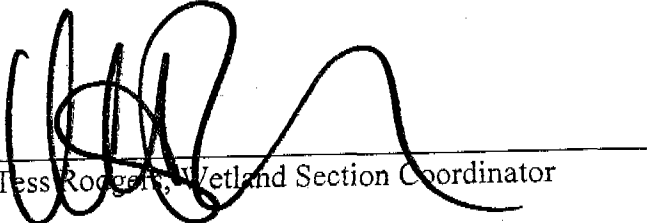

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

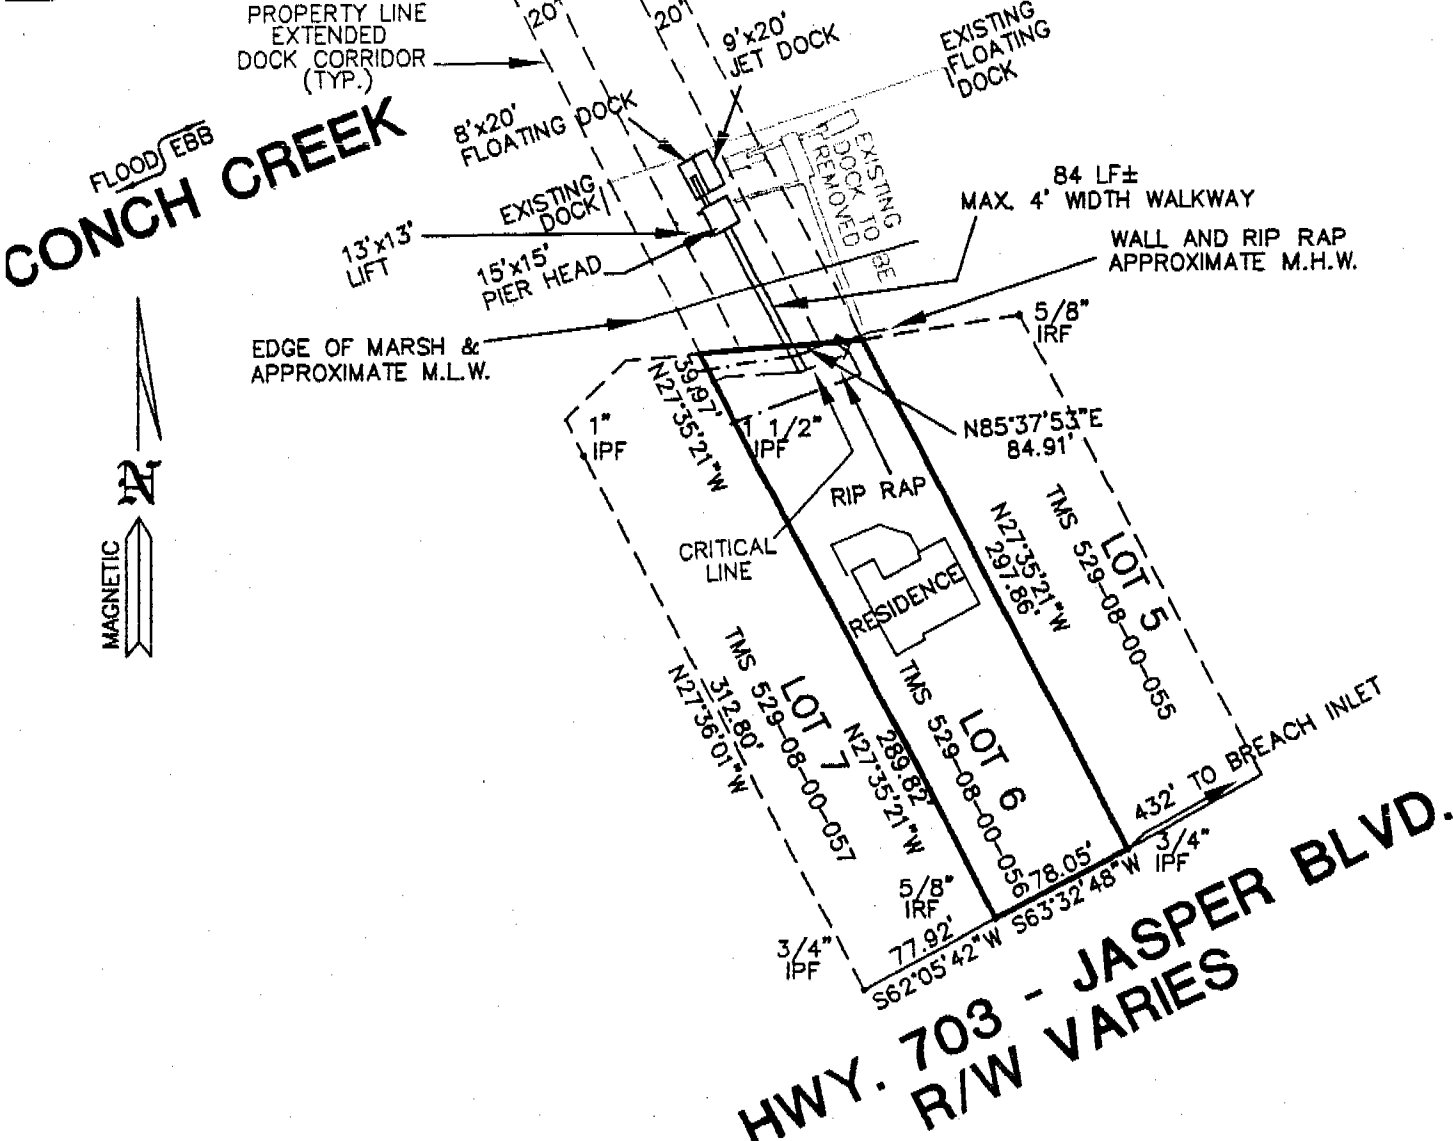

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, James Trumbull at 843-953-0218.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number:

OCRM-07-297-Y

Permit ID:

61082

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Robert Brockhouse
C/o American Dock & Marine Construction, Inc.
1533 Folly Road D-5
Charleston, SC 29412

LOCATION: On and adjacent to Atlantic Intracoastal Waterway, at 2 New Town Lane, The Crescent,
Charleston, Charleston County, South Carolina. TMS#: 421-14-00-016.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' x 624' walkway, with handrails, leading to a covered 16' x 16' fixed pierhead, also with handrails. Floodside of the pierhead, a 3' x 20' ramp will lead to a 10' x 30' floating dock. Ebbside of the pierhead, the applicant proposes to install a 12' x 12' four-pile boatlift. The purpose of the activity is for the applicant's private recreational use.
Please note: This proposed activity is a candidate for the Army Corps of Engineers general permit, 2006-10-001.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

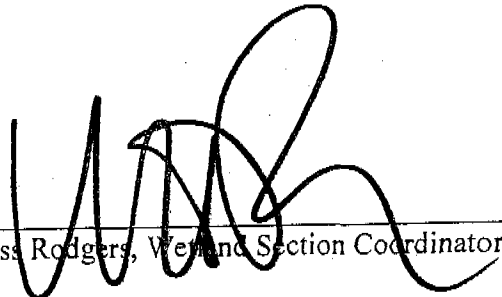

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Josh Young at 843-953-0257.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number:

OCRM-07-298-Y

Permit ID:

61084

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Tim DeMars
C/o American Dock & Marine Construction, Inc.
1533 Folly Road D-5
Charleston, SC 29412

LOCATION: On and adjacent to a tributary of the Stono River at 4004 Gift Blvd, Gift Plantation Subdivision, Johns Island, Charleston County, South Carolina. TMS#: 249-02-00-008.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock at the end of a tributary of the Stono River. Specifically, the structure will have a 4' x 183' walkway, with handrails, leading to a covered 5' x 10' fixed pierhead, also with handrails. On the right of the fixed pierhead, when facing the tributary, the applicant proposes a 12' x 12', four-pile boatlift. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

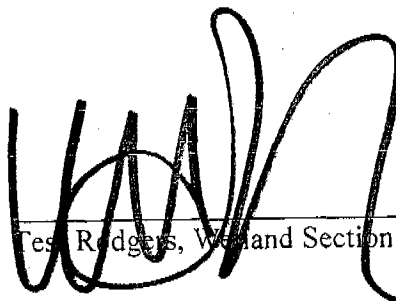

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Josh Young at 843-953-0257.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-302-Y
Permit ID: 61124

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: James T. Rawls
P. O. Box 63
Folly Beach, SC 29439

LOCATION: On and adjacent to Robbins Creek, on a marsh island known as Cusabo Island, platted as Tract E, Cusabo/Cole Island, James Island, Charleston County, South Carolina.
TMS#: 450-00-00-029.

WORK: The work as proposed and shown on the attached plans consists of constructing a dock. Specifically, the structure will have a 4' x 72' walkway leading to a partially covered 12' x 24'6" pierhead, with benches. Ebbside of the pierhead, a ramp will access a 10' x 30' floating dock. The purpose of the activity is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

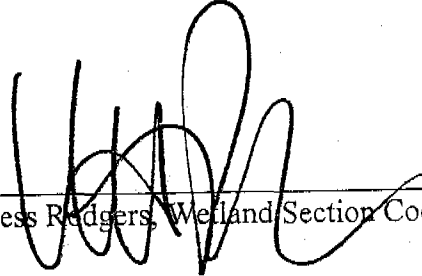

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Josh Young at 843-953-0257.

PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-307-E
Permit ID: 61152

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: City of Myrtle Beach
c/o Coastal Science Associates, Inc.
PO Box 11687
Columbia, SC 29211

LOCATION: On and adjacent to the Atlantic Ocean between 1st Ave. North and 14th Ave. North, Myrtle Beach, Horry County, South Carolina. TMS#: 1811105009.

WORK: The work as proposed and shown on the attached plans consists of constructing a public oceanfront promenade. The overall project includes the construction of a public boardwalk and amenities from 1st Ave. North to 14th Ave. North. Between 1st Ave. North and 8th Ave. North, landward of the baseline, the project includes a promenade walkway, landscaping, shaded seating areas, and showers. Seaward of the baseline but landward of the primary sand dune the project includes 20' wide pedestrian/vehicular beach access ramps at street ends, 6' wide dune walkovers and 10' x 10' decks at intermediate points between street ends, and the creation of a secondary sand dune. Between 9th Ave. North and 14th Ave. North the project includes all of these components as well as 15' x 20' decks with benches located seaward of the baseline but landward of the primary dune. The purpose of the proposed activity is for public recreational use.

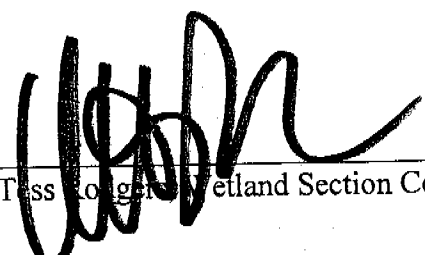

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition. The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 30, 2007. For further information please contact the project manager for this activity, Bill Eiser, at 843-953-0237.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number:
Permit ID:

OCRM-07-310-T
61332

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Dennis Forsberg
C/O Forsberg Engineering & Surveying Inc
PO Box 30575
Charleston, SC 29417

LOCATION: On and adjacent to the Wando River at 2260 Hartsfords Bluff Circle, Rivertowne, Mount Pleasant, Charleston County, South Carolina. TMS#: 583-01-00-011.

WORK: The work as proposed and shown on the attached drawings consists of constructing a dock. Specifically, the applicant seeks to build a 4' x 380' walkway, with handrails, leading to a covered 10' x 10' fixed pierhead. Floodside of the pierhead, a covered 10' x 20' four-pile boatlift is proposed. Channelward of the pierhead, a 4' ramp will access 10' x 20' floating dock. The work as described is for the applicant's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

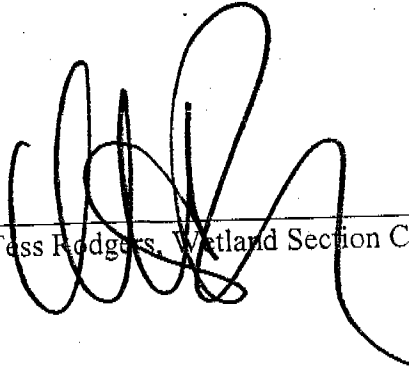

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, James Trumbull at 843-953-0218.

TMS#: 087-00-09-048.

WORK: The work as proposed and shown on the attached plans consists of constructing a private dock. Specifically, the structure will have a 4'x435' walkway with handrails leading to a 16'x16' covered fixed pierhead with water and electricity. To the right of the pierhead will be a 3'x24' ramp leading to a 10'x30' floating dock. Off the left side of the pierhead will be a 13'x13' four pile boatlift. The purpose for the dock is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-938
Permit ID: 61308

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Stephen H Lee
C/o Sea Island Marine Construction Inc
15 Trellis Court
Hilton Head Island SC 29926

LOCATION: On and adjacent to May River at 53 Myrtle Island Road, Bluffton, Beaufort County, South Carolina. TMS#: R600-039-00C-275A-0000.

WORK: The work as proposed and shown on the attached plans consists of making additions to an existing private dock. Specifically, a 3'x24' catwalk leading to a 12'x13' four pile boatlift will be placed off the right of existing pierhead. Also, proposed a roof will be placed over existing 18'x18' fixed pierhead. The purpose for the dock additions is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-939
Permit ID: 61313

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Frank E Gibson III
C/o O'Quinn Marine Construction Inc
95 Sheppard Road
Lady's Island SC 29907

LOCATION: On and adjacent to Morgan River at 3507 Morgan River Drive South, Lady's Island, Beaufort County, South Carolina.
TMS#: R200-011-00A-0002-0000.

WORK: The work as proposed and shown on the attached plans consists of making additions to an existing private dock. Specifically, to the right of the existing pierhead will be a 3'x30' catwalk leading to a 12'x13' four pile boatlift. Channelward of the pierhead a 4'x16' ramp extension will be added to the existing 4.5'x23.5' ramp leading to an existing 10'x30' floating dock with a 4'x10' float extension off the right end. The purpose for the dock additions is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-941
Permit ID: 61315

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Mary B Matalik
25 Butler Farm Road
Seabrook SC 29940

LOCATION: On and adjacent to a tributary of Huspah Creek at 25 Butler Farm Road, Seabrook, Beaufort County, South Carolina.
TMS#: R700-027-000-0065-0000.

WORK: The work as proposed and shown on the attached plans consists of constructing a private dock. Specifically, the structure will have a 4'x82' walkway with handrails leading to an 8'x16' fixed pierhead with a ladder off the side. The purpose for the dock is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-943
Permit ID: 61377

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Robert B Hennessy
C/o Bailey Marine Construction Inc
277 Old Baileys Road
Okatie SC 29909

LOCATION: On and adjacent to Callawassie Creek at 16 South Oak Forest Drive, Callawassie Island, Beaufort County, South Carolina.
TMS#: R600-015-00C-0173-0000.

WORK: The work as proposed and shown on the attached plans consists of constructing a private dock. Specifically, the structure will have a 4'x180' walkway with handrails leading to a 10'x10' fixed pierhead with water and electricity. To the right of the pierhead will be a 3'x24' ramp leading to an 8'x20' floating dock. Also, proposed will be a 12'x12' four pile boatlift off the left of the pierhead. The purpose for the dock is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

**SCDHEC OFFICE OF OCEAN AND COASTAL RESOURCE MANAGEMENT
PERMIT APPLICATION PUBLIC NOTICE**

November 30, 2007

Permit Number: OCRM-07-944
Permit ID: 61378

The SCDHEC Office of Ocean and Coastal Resource Management has received an application for a permit for the alteration of a critical area. This application was submitted pursuant to the Coastal Zone Management Act (Act 123) of the 1977 South Carolina General Assembly. The application, in brief, is described as follows:

APPLICANT: Todd S Hawk
C/o Bailey Marine Construction Inc
277 Old Baileys Road
Okatie SC 29909

LOCATION: On and adjacent to Broad Creek at 37 River Club Drive, Hilton Head Island, Beaufort County, South Carolina.
TMS#: R510-011-00D-0017-0000.

WORK: The work as proposed and shown on the attached plans consists of making additions to an existing private dock. Specifically, the applicant proposes to install a 12'x12' four pile boatlift on the channelward side of an existing 10'x16' covered fixed pierhead. The purpose for the boatlift is for the owner's private recreational use.

This public notice is being distributed to all known interested persons and agencies to assist in developing facts on which a decision by OCRM can be based. Comments concerning the proposed work should be submitted in writing, setting forth sufficient detail to furnish a clear understanding of the reasons for support or opposition.

The decision to issue or deny a permit will be based on the individual merits of the application, the policies specified in the South Carolina Coastal Zone Management Act, and the considerations outlined in the State of South Carolina Coastal Zone Management Program. Interested parties who wish to be notified of final permit action must notify OCRM in writing of this request.

To assure review by OCRM, comments regarding this application must be received by OCRM on or before December 15, 2007. For further information please contact the project manager for this activity, Geordie Madlinger at 843-846-9400.

TO ALL INTERESTED PARTIES

Notification of Public Notice

Enclosed are public notices issued by the SCDHEC Office of Ocean and Coastal Resource Management and the U.S. Army Corps of Engineers. All interested parties are allowed 30 days for major developments and 15 days for minor developments after receipt of the public notices to file written comments to the OCRM pertaining to the applications. Only those comments received within this period must be reviewed by the OCRM in processing the permit application. Any person wishing notification of the initial OCRM decision on any specific public notice must make written request within the designated review period for that public notice.

To construct a pier and floating dock in the Wando River, Berkeley County, South Carolina.

Following the public notice for this project the applicant has made modifications to the originally proposed project. The modifications include increasing the size of the fixed timber walkway to be 4' x 234' (originally noticed as 186' x 4'), which will move the floating dock and pier head further channel ward. Additionally, two (2) 10' x 12' boat lift has been proposed, one associated with each proposed floating dock, which will be located on the landward side of the floating docks. The attached drawings represent the revisions requested by the applicant.

**DANIEL ISLAND ASSOCIATES
230 SEVEN FARMS DRIVE, SUITE 201
CHARLESTON, SOUTH CAROLINA 29401**

To construct a pier and floating dock in the Wando River, Berkeley County, South Carolina.

Following the public notice for this project the applicant has made modifications to the originally proposed project. The modifications include increasing the length of the fixed timer walkway to be 4' x 142' (originally noticed as 4' x 125'), which will move the floating dock and pier head further channel ward. Additionally, two (2) 10' x 12' boat lifts have been proposed, one associated with each proposed floating dock, which will be located landward of the proposed floating docks. The attached drawings represent the revisions requested by the applicant.

In order to give all interested parties an opportunity to express their views

NOTICE

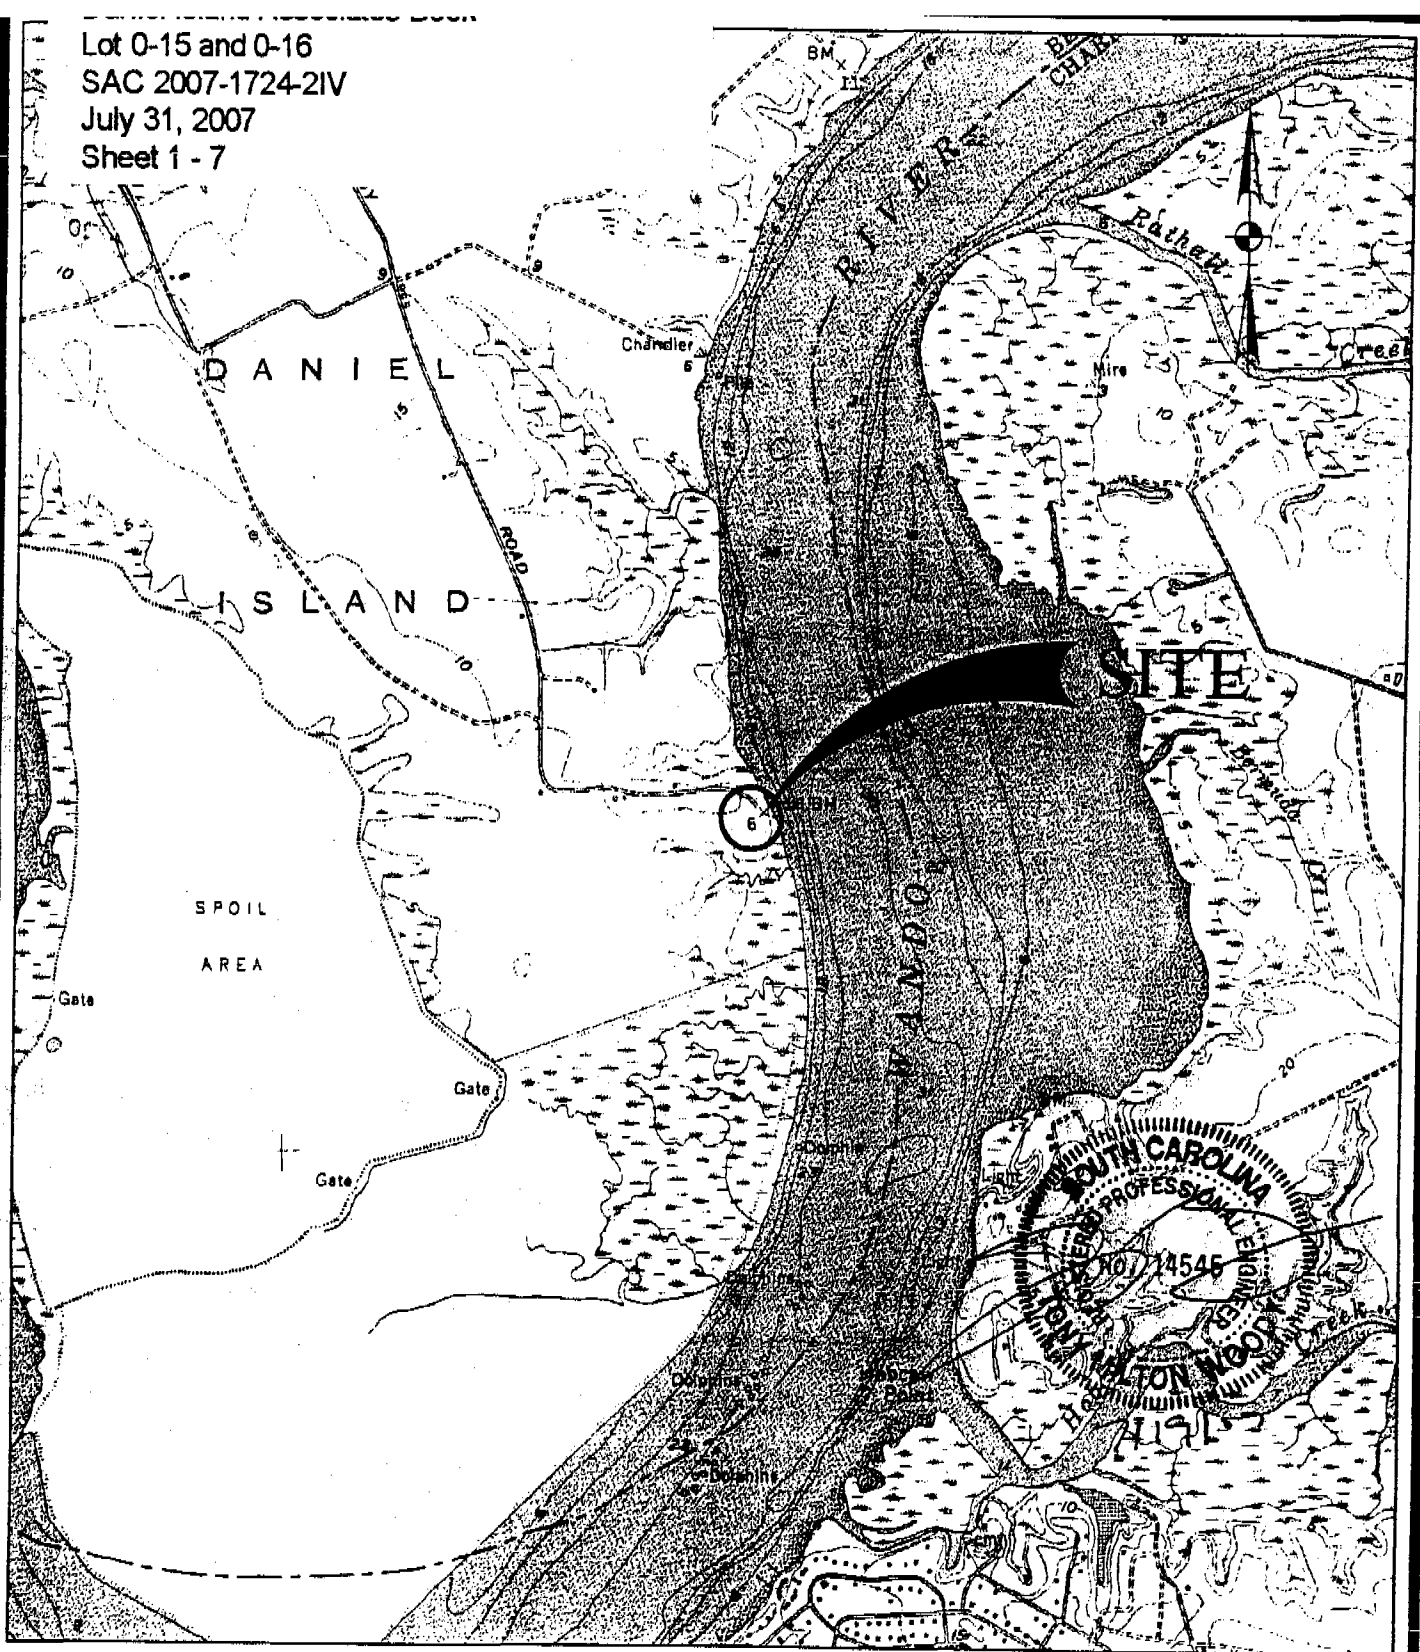

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, DECEMBER 17, 2007

All other information regarding the public notice remains the same. If there are any questions concerning this public notice, please contact Robert Vega at 843-329-8044 or toll free at 1-866-329-8187.

Department of Health and Environmental Control by

WKG Land Partners, LLC
c/o THE EARTHWORKS GROUP
P.O. BOX 201
MURRELLS INLET, SC 29576

MAJOR ACTIVITY

for a permit to construct a commercial marina in

WINYAH BAY (GREAT PEE DEE RIVER)

at a location described as situated between Lands End Marina and the U.S. Coast Guard Station on Marina Drive, Georgetown County, South Carolina (Latitude 33.36403°N, -79.26811°W).

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, WEDNESDAY, 26 DECEMBER 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of the removal of an existing docking structure and constructing a new commercial docking facility. In detail the work consist of constructing a 79 slip commercial docking facility with access provided by an 8' x 328' fixed walkway attached to high ground. The dimensions for all marina related structures are provided on drawing sheet 8 of 8. Individual power pedestals and potable water outlets will be provided at the boat slips. The purpose of the proposed project is for a commercial docking facility.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by

public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
1949 Industrial Park Road, Room 140
Conway, South Carolina 29526**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact (0.35) acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

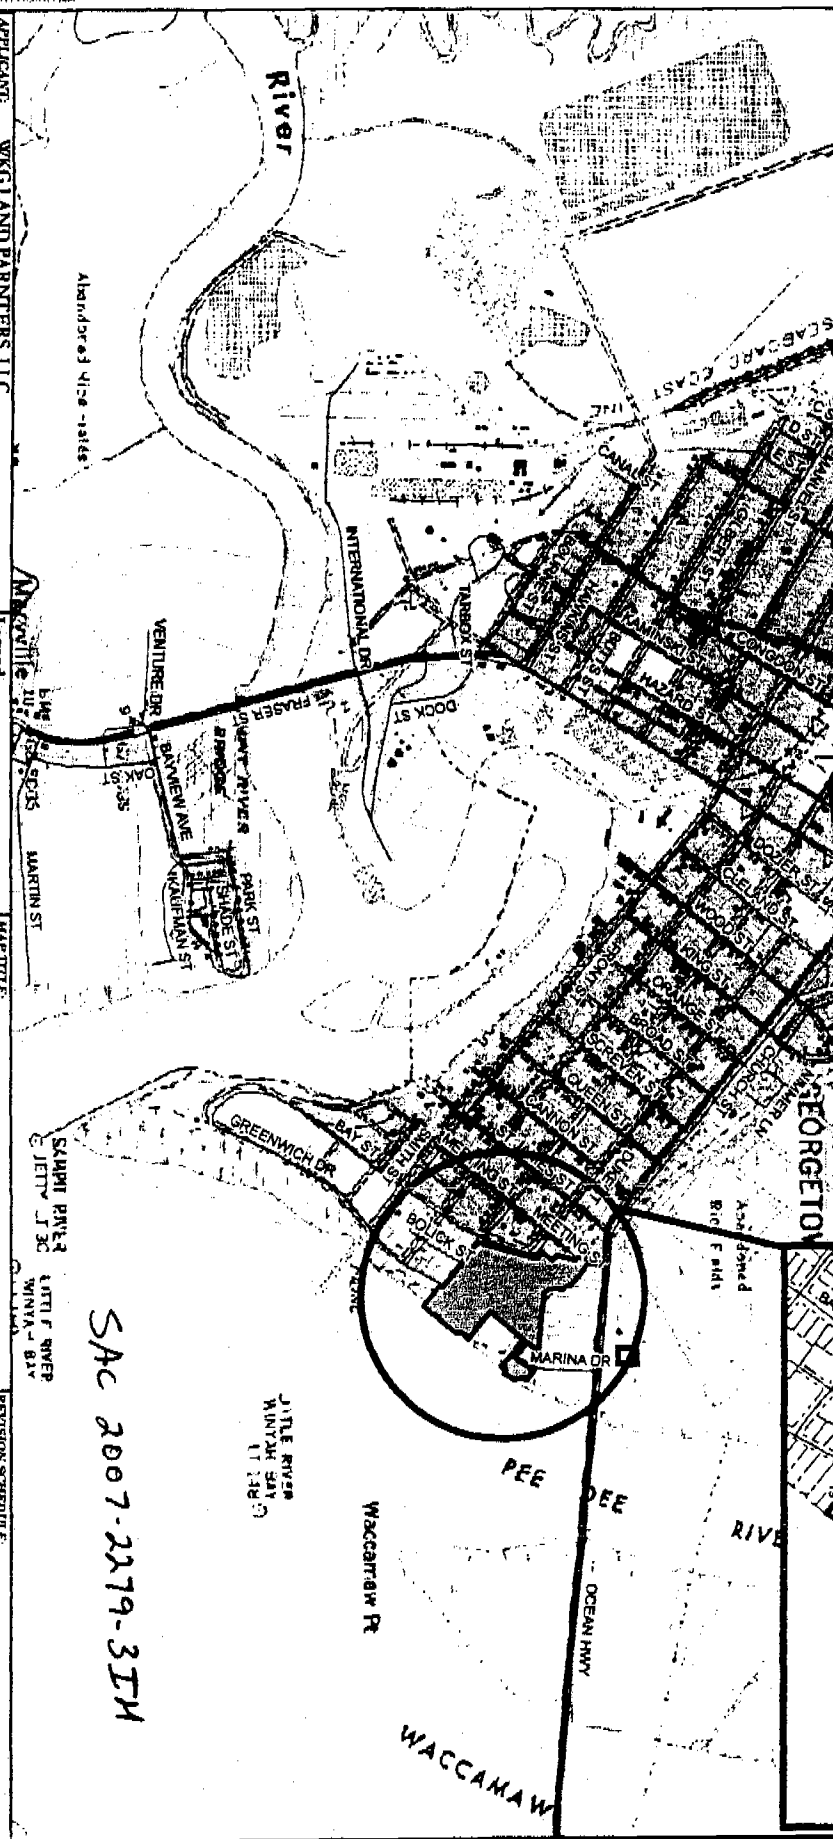

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Rob Huff at 843-365-1726.

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

CEDAR CREEK VILLAGE HOA
c/o H. WAYNE BEAM
P.O. BOX 11863
COLUMBIA, SOUTH CAROLINA 29211-1863

for after the fact authorization for an existing community boat ramp and a permit to extend the existing community boat ramp in the

ATLANTIC INTRACOASTAL WATERWAY

at a location described as the terminus of Pier Point Drive, just south of the intersection of Pier Point Road and River Road, Little River Township, Horry County, South Carolina (Latitude 33.85808°N, Longitude -78.64387°W).

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, WEDNESDAY, 26 DECEMBER 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The homeowner's association of Cedar Creek Village is seeking authorization for an existing community boat ramp and proposing to extend the existing boat ramp. In detail, the work consists of extending the existing 15.5' x 38' boat ramp 50' and adding a 6" x 27' curb. The total project will consist of placing 0.031 acres of fill in waters of the U.S. It is understood that this work is to be conducted on/or adjacent to an area subject to a prism and/or disposal area held by the United States. Appropriate provisions have been included in the permit to ensure the interests of the Federal Government are understood. The purpose of this project is to provide community boating access to the AIWW for the residents of Cedar Creek Village.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
1949 INDUSTRIAL PARK ROAD, ROOM 140
CONWAY, SOUTH CAROLINA 29526**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact (0.031) acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project will have no effect on any Federally endangered, threatened, or proposed species and will not result in the destruction or adverse modification of designated or proposed critical habitat. This public notice serves as a request to the U.S. Fish and Wildlife Service and the National Marine Fisheries Service for any additional information they may have on whether any listed or proposed endangered or threatened species or designated or proposed critical habitat may be present in the area which would be affected by the activity, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended).

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

21 November 2007

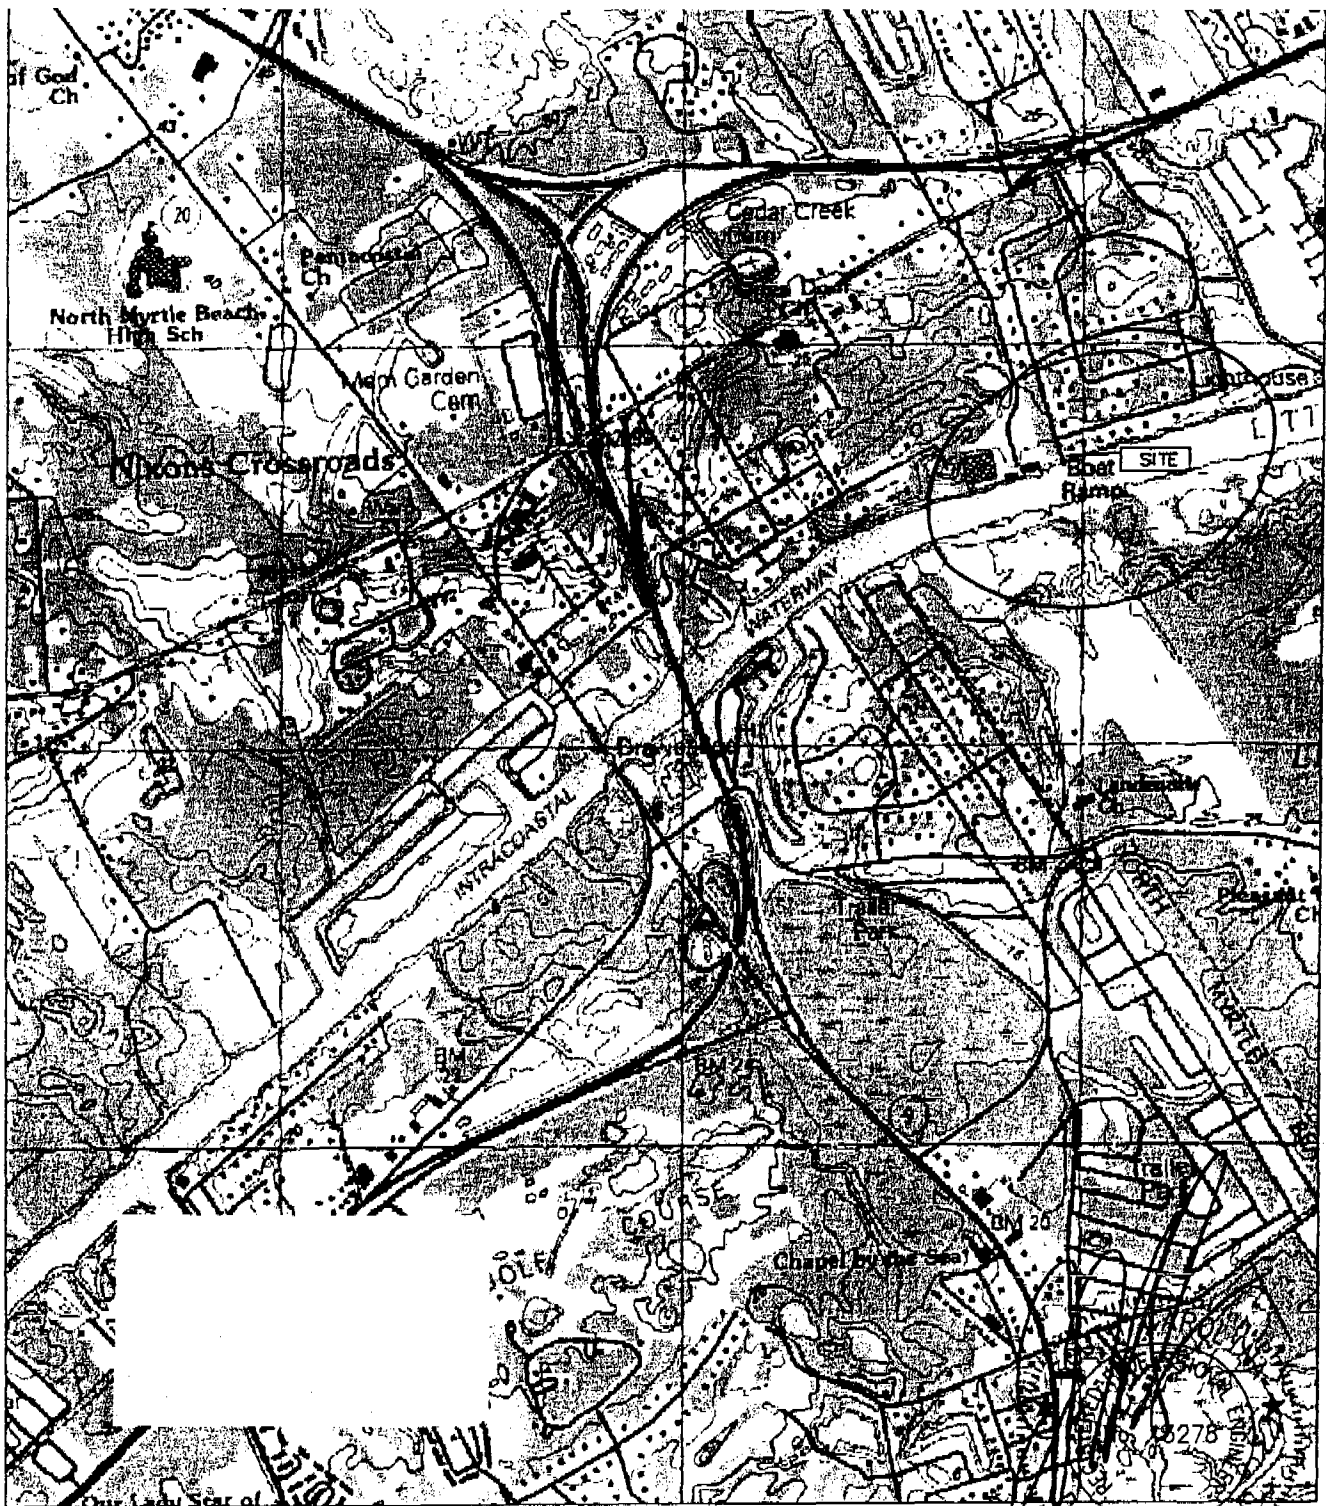

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Rob Huff at 843-365-4239.

11 NOVEMBER 2007

Pursuant to Section 10 of the Rivers and Harbors Act of 1899 (33 U.S.C. 403), Sections 401 and 404 of the Clean Water Act (33 U.S.C. 1344), and the South Carolina Coastal Zone Management Act (48-39-10 et seq.) an application has been submitted to the Department of the Army and the S.C. Department of Health and Environmental Control by

THE SOUTH CAROLINA DEPARTMENT OF PARKS RECREATION & TOURISM
c/o COASTAL SCIENCE & ENGINEERING (CSE)
POST OFFICE BOX 8056
COLUMBIA, SOUTH CAROLINA 29202-8056

for a permit to perform beach nourishment using sand from two accreting areas adjacent to and in waters of the

ATLANTIC OCEAN

at locations along the shoreline of Hunting Island State Park on Hunting Island, Beaufort County, South Carolina (Latitude 32.3714°, Longitude 80.4367°)

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, WEDNESDAY, 26 DECEMBER 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of excavating sand from two accreting areas at the ends of Hunting Island and transporting the material using land based equipment to critically eroded oceanfront areas. The two borrow areas include the south spit of Hunting Island which is adjacent to Fripp Inlet approximately 600 ft. south of the southernmost cabin and the north spit of Hunting Island which is adjacent to Johnson Creek Inlet approximately 200 ft. north of the terminal groin.

23 NOVEMBER 2007

In detail, the project includes the excavation of up to 400,000 cubic yards of beach quality sand and the transportation of this material to eroded areas along the coastline of Hunting Island in an area measuring approximately 109.2 acres (18,700 linear feet). This work is proposed to be carried out in multiple events over a five year period with each event expected to transport between 100,000 and 150,000 cubic yards of sand. The purpose of the project, according to the applicant, is to provide erosion control and beach restoration until a large scale nourishment project can be planned and approved. The current project is expected to:

- Maintain the recreational beach and protect associated infrastructure and buildings where accelerated erosion has occurred;
- Maintain a viable beach in front of the freshwater wetland or close any breaches that may occur;
- Preserve the aesthetic character and reduce the exposure of structures on the beach due to accelerated erosion.

NOTE: Plans depicting the work described in this notice are available on the U.S. Army Corps of Engineers website at www.usace.sac.army.mil and will be also be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

for a permit to perform beach renourishment along the edge of the

ATLANTIC OCEAN

at a location, on the ocean shoreline from 47th Avenue to an existing groin along Dewees Inlet, on the northeast end of the Isle of Palms, in Charleston County, South Carolina.
(Latitude 32.81259° - Longitude -79.71985°)

In order to give all interested parties an opportunity to express their views

NOTICE

is hereby given that written statements regarding the proposed work will be received by both of the above mentioned offices until

12 O'CLOCK NOON, MONDAY, DECEMBER 31, 2007

from those interested in the activity and whose interests may be affected by the proposed work.

The proposed work consists of placement via hydraulic dredge of up to 885,000 cubic yards of beach quality sediment along 13,785 feet of the ocean shoreline from 47th Avenue to an existing groin along Dewees Inlet (approximately 126 acres). The applicant proposes to borrow sand from a ridge located approximately 3 miles offshore (approximately 75 acres). The proposed beach nourishment is expected to provide benefits for an estimated ten-year life (in terms of greater beach width compared with present conditions). The applicant proposes to conduct the work during the standard environmental window for S. C. beach renourishment projects (November - April). The purpose of the proposed work as stated by the applicant is for beach restoration, including: restoration of the recreational beach along the northeast erosion zone of the Isle of Palms from 47th Avenue to the existing terminal groin along Dewees Inlet;

30 NOVEMBER 2007

seaward of buildings such that dune enhancement may be initiated by the applicant and individual property owners (dune construction or revegetation is not part of the present application); place nourishment volumes of variable section densities so as to reduce the variability of beach width caused by inlet sand-bypassing processes; provide a protective buffer between existing infrastructure and the ocean; improve the overall aesthetics of the beach and enhance its recreational value. The project is locally sponsored and will not involve federal funds.

NOTE: Plans depicting the work described in this notice are available and will be provided, upon receipt of a written request, to anyone that is interested in obtaining a copy of the plans for the specific project. The request must identify the project of interest by public notice number and a self-addressed stamped envelope must also be provided for mailing the drawings to you. Your request for drawings should be addressed to the

**U.S. Army Corps of Engineers
ATTN: REGULATORY DIVISION
69A Hagood Avenue
Charleston, South Carolina 29403-5107**

The District Engineer has concluded that the discharges associated with this project, both direct and indirect, should be reviewed by the South Carolina Department of Health and Environmental Control in accordance with provisions of Section 401 of the Clean Water Act. As such, this notice constitutes a request, on behalf of the applicant, for certification that this project will comply with applicable effluent limitations and water quality standards. The work shown on this application must also be certified as consistent with applicable provisions the Coastal Zone Management Program (15 CFR 930). The District Engineer will not process this application to a conclusion until such certifications are received. The applicant is hereby advised that supplemental information may be required by the State to facilitate the review.

This notice initiates the Essential Fish Habitat (EFH) consultation requirements of the Magnuson-Stevens Fishery Conservation and Management Act. Implementation of the proposed project would impact 201 acres of estuarine substrates and emergent wetlands utilized by various life stages of species comprising the red drum, shrimp, and snapper-grouper management complexes. Our initial determination is that the proposed action would not have a substantial individual or cumulative adverse impact on EFH or fisheries managed by the South Atlantic Fishery Management Council and the National Marine Fisheries Service (NMFS). Our final determination relative to project impacts and the need for mitigation measures is subject to review by and coordination with the NMFS.

The District Engineer has consulted the most recently available information and has determined that the project is likely to adversely affect the loggerhead sea turtle (*Caretta caretta*). This public notice serves as a request to the U.S. Fish and Wildlife Service and/or the National Marine Fisheries Service to initiate formal consultation on this species that may be present in the area which would be affected, pursuant to Section 7(c) of the Endangered Species Act of 1973 (as amended). A biological assessment (or other similar document) detailing our analysis of the effects of the action will be provided.

Pursuant to Section 106 of the National Historic Preservation Act (NHPA), this public notice also constitutes a request to Indian Tribes to notify the District Engineer of any historic properties of religious and cultural significance to them that may be affected by the proposed undertaking.

Refer to: P/N # SAC-2007-02631-2IG

In accordance with the NHPA, the District Engineer has also consulted the latest published version of the National Register of Historic Places for the presence or absence of registered properties, or properties listed as being eligible for inclusion therein, and this worksite is not included as a registered property or property listed as being eligible for inclusion in the Register. To insure that other cultural resources that the District Engineer is not aware of are not overlooked, this public notice also serves as a request to the State Historic Preservation Office to provide any information it may have with regard to historic and cultural resources.

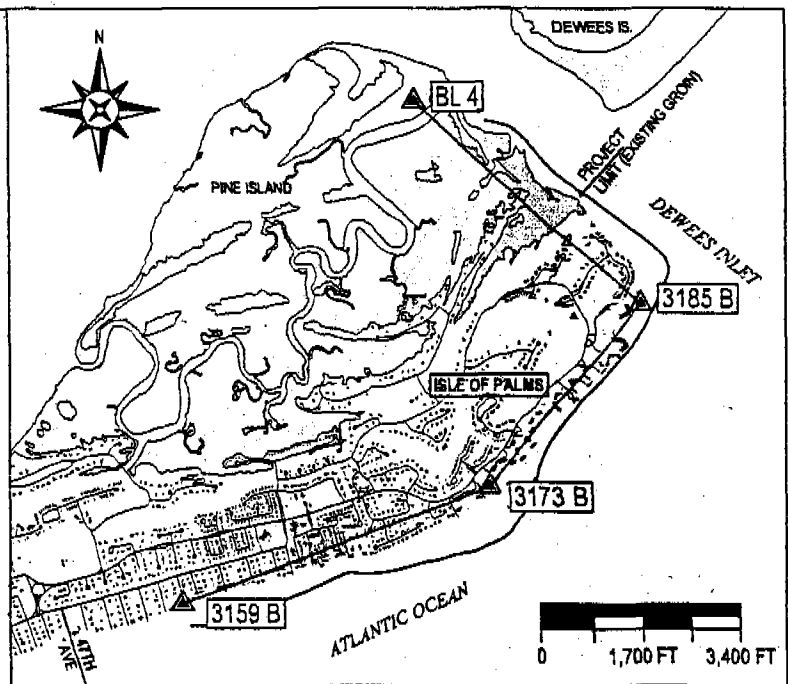

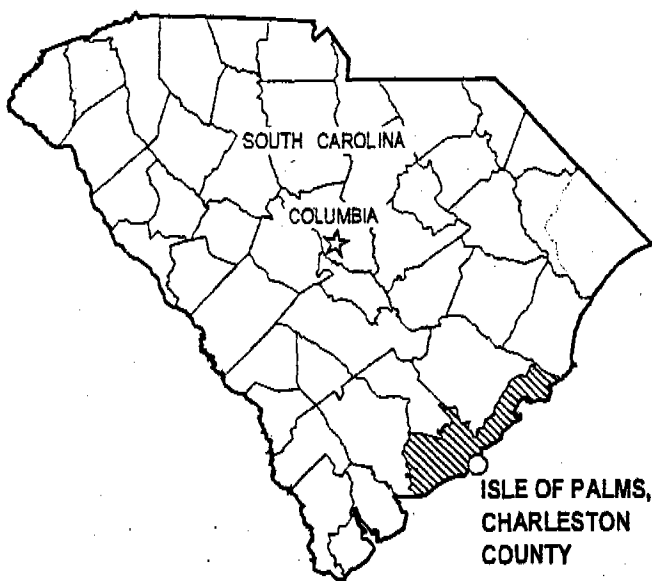

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for a public hearing shall state, with particularity, the reasons for holding a public hearing.

The decision whether to issue a permit will be based on an evaluation of the probable impact including cumulative impacts of the activity on the public interest and will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency (EPA), under authority of Section 404(b) of the Clean Water Act and, as appropriate, the criteria established under authority of Section 102 of the Marine Protection, Research and Sanctuaries Act of 1972, as amended. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the project must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the project will be considered including the cumulative effects thereof; among those are conservation, economics, aesthetics, general environmental concerns, wetlands, historic properties, fish and wildlife values, flood hazards, flood plain values, land use, navigation, shoreline erosion and accretion, recreation, water supply and conservation, water quality, energy needs, safety, food and fiber production and, in general, the needs and welfare of the people. A permit will be granted unless the District Engineer determines that it would be contrary to the public interest. In cases of conflicting property rights, the Corps of Engineers cannot undertake to adjudicate rival claims.

The Corps of Engineers is soliciting comments from the public; Federal, state, and local agencies and officials; Indian Tribes; and other interested parties in order to consider and evaluate the impacts of this activity. Any comments received will be considered by the Corps of Engineers to determine whether to issue, modify, condition or deny a permit for this project. To make this decision, comments are used to assess impacts on endangered species, historic properties, water quality, general environmental effects, and the other public interest factors listed above. Comments are used in the preparation of an Environmental Assessment and/or an Environmental Impact Statement pursuant to the National Environmental Policy Act. Comments are also used to determine the need for a public hearing and to determine the overall public interest of the activity.

If there are any questions concerning this public notice, please contact Mary Hope Glenn at 843-329-8044 or toll free at 1-866-329-8187.

OF 12

[LEFT] THE THREE STAGES OF SHOAL BYPASSING BASED ON A CASE STUDY AT DEWEES INLET/ISLE OF PALMS (AFTER KANA ET AL 1985). [RIGHT] SHOAL-BYPASS EVENT INVOLVING ~1 MILLION CUBIC YARDS OF SAND AT STONO INLET/KIAWAH ISLAND BETWEEN 1977(A) AND 1983 (B). A SUCCESSIVE EVENT BEGAN AROUND 1986 (C), CULMINATING IN ATTACHMENT AROUND 1990. VIEWS ARE LOOKING NORTH AT LOW TIDE. NOTE MAJOR CHANGES IN THE ADJACENT SHORELINE. SUCH LARGE SWINGS IN SHORELINE POSITION ARE COMMON AROUND ALL SOUTH CAROLINA INLETS. [FROM KANA ET AL 1999, FIG 6]
